10th April

Departure

"Valle is situated at Lena in the landscape called Toten, on the western side of lake Mjøsa. Lena is120 km north of Oslo, 90 km north of Oslo Airport Gardermoen and 65 km south of Lillehammer, in Oppland County. In our county we have valleys, rivers, lakes, mountains and national parks. We also have arable land and forests - a lot of tourists, in summer and in winter. In our area, Toten we do have less tourists, however we have a rich agriculture - especially vegetables and potatoes."
